SUMMARY

Full-Stack Software Developer with 1+ year of experience shipping production internal platforms for BPO, collections, and recruitment operations. Strong across the TypeScript/JavaScript stack - React.js and Next.js on the frontend; Node.js with both Express and NestJS, Prisma, and raw SQL on the backend - plus Java for core development and MySQL/MongoDB for data. Skilled in REST API design, relational schema modeling, role-based access control, SQL query optimization, and owning features end to end. Solid CS foundation in DSA, OOP, and DBMS.

EXPERIENCE

Software Developer

Pune | Dec 2025 - Present

Firstclose Solutions

- Architected and shipped four production internal platforms - Agent Management System (AMS), Customer Management System (CMS), Quality Audit Management System (QAMS), and HR Management System (HRMS) - owning each end to end across schema design, REST APIs, React frontend, and deployment.
- **AMS (loan collections):** Built a full-stack platform that ingests borrower data from Excel, auto-distributes accounts to recovery agents by campaign, and captures rules-validated outcomes via a 16-code disposition engine with edit-history audit trails; led a zero-downtime strangler-fig migration from Express/MySQL to a modular NestJS + Prisma API over a shared live database.
- **CMS (real-estate sales):** Delivered a role-based lead-management platform used by 50+ agents to move customers through an 11-stage sales pipeline, with supervisor-scoped data isolation, per-lead audit logging, WhatsApp templating, and analytics dashboards; optimized hot queries (sargable SQL, composite indexes, denormalized counters) and hardened the service with rate limiting, health checks, and graceful shutdown.
- **QAMS (contact-center QA):** Engineered a quality-audit platform (NestJS + Prisma + React) with a deterministic weighted scoring engine (N/A exclusion, fatal-error overrides) and a server-enforced audit lifecycle with immutable published records and snapshot-based revision history for a defensible audit trail.
- **HRMS (recruitment ATS):** Built a tele-calling Applicant Tracking System with a configurable, stage-ordered hiring pipeline, append-only candidate status history, transaction-safe call-and-status logging, and role-scoped recruiting analytics (connect rate, conversion rate, sourcing ROI).
- Implemented JWT (httpOnly cookie) authentication and role-based access control (Admin / Supervisor / Agent) across all platforms, with normalized MySQL schemas and REST APIs supporting concurrent multi-role access.

Software Development Engineer Intern

Jun 2025 - Nov 2025

Fingspace

- **HangarHQ:** Built a DGCA pilot-exam-prep platform (MERN - React 19 + Express 5 + MongoDB) with OTP-verified cookie-JWT auth, a SHA-256 deduplication pipeline ingesting ~17,000 questions from 363 source files, a proctored full-screen timed-exam engine with tamper-proof server-side scoring, and MongoDB-aggregation performance analytics; containerized with Docker/nginx and covered by Playwright end-to-end tests.
- **Arrivo:** Built an MVC travel-booking platform with Passport.js authentication, Leaflet interactive maps, Cloudinary image uploads, and EJS server-side rendering.
- Optimized Mongoose schemas to reduce query times and collaborated via Git/GitHub on code reviews, debugging, and deployments.

Data Analyst Intern

Jan 2025 - May 2025

Codaaz Software Pvt. Ltd.

- Built interactive dashboards and reports (Python, SQL, Excel, Power BI) to support business-intelligence decisions across internal teams.

SKILLS

Backend: Node.js, Express.js, NestJS, TypeScript, REST APIs, Prisma, JWT Auth, RBAC, MVC

Databases: MySQL, MongoDB (Mongoose), SQL Query Optimization, Schema Design

Languages: Java, JavaScript, TypeScript, Python, SQL

Frontend: React.js, Next.js, Tailwind CSS, shadcn/Radix UI, Material UI, HTML5, CSS3, EJS

Tools & DevOps: Git, GitHub, Docker, nginx, Postman, Playwright, VS Code, Render, Vercel

CS Fundamentals: Data Structures & Algorithms, OOP, DBMS, OS, CN

EDUCATION

B.Tech, Yeshwantrao Chavan College of Engineering (YCCE), Nagpur

CGPA: 7.5 | 2025

HSC, Santaji Mahavidyalaya, Nagpur

91.5% | 2021

SSC, Sunrise English High School, Amravati

74.2% | 2019
